

Suzuki SJ, 1971-97, R. M. Clarke, BROOKLANDS, 1998, 1855204703, 9781855204706, 172 pages. Suzuki was a late starter in the world of four-wheel drive and catered mainly for the 4x4 market in South-East Asia. The SJ models introduced in the early 1980s replaced the earlier LJs. Demand in Europe was high so an agreement was reached with Santana in Spain who built the Suzukis which were sold in European markets. At the end of the 1980s a bigger engine was introduced together with a five-speed gearbox and a long-wheelbase derivative added to the SJ's versatility. This is a book of contemporary road and comparison tests, new model introductions, specification and technical data, touring, off roading, buying second hand. Models covered include: Brute, IV, LJ50, LJ80V, LJ81, Sierra, SJ41OP, SJ410 Q, SJ410QX, JX, Samurai, Samurai JX, SJ413K Pick-up, Santana, SJ413JX, Janspeed, Allard, LWB SJ413..

I am very happy that this book is available. Another good one regarding the Suzuki 4x4 line, from a British perspective, is; You & Your Suzuki 4X4: Buying, enjoying, maintaining, modifying by Paul Guinness. You and Your Suzuki is more general history, from the British perspective, and so fills a different niche, but I feel it is equally valuable to the Gold Portfolio.

This book is simply a collection of magazine articles over the lifespan of the SJ series of vehicles. It even covers the earlier LJ models that were not seen in large numbers stateside. Most of the articles are from the UK side of the Atlantic, but it covers a lot of the SJ-410 series that was the predecessor to the SJ-413/Samurai models. A great thing to have on the bookshelf or to loan to people who are interested in the Suzuki series of 4x4's.
